

## **Fantasy Arcade-style Dueler 'Touhou Sky Arena Matsuri Climax' heads west on PlayStation®4 late July**

July 31, 2018 - TOKYO - Mediascape Co. Ltd. announced the PlayStation®4 version of Touhou Sky Arena Matsuri Climax by developer Areazero will be available July 30th in North America, August 7th in most of Europe. It'll be also available soon in Germany and Australia.

'Matsuri Climax' is the latest in the Sky Arena series, fan-developed 3D reinterpretations of the spell card duels featured in the popular Touhou Project series of shoot-em-ups. Characters face off in aerial one-on-one or team battles and unleash barrages of projectiles and skills as vivid as they are fierce. During each battle, the Tension System will adjust the repertoire of special moves to match the background music's intensity on the fly, allowing for truly climactic finishes.

### Key Features:

- 20 fan-favorite characters with various fighting styles
- 21 beautiful stages that take advantage of the console's graphical capabilities
- Fast-paced battles exploding with magic
- Over 70 blood-pumping rearrangements of tunes from the original Touhou Project series by hit independent artists like Yuuhei Satellite, A-One, Butaotome, Iron Attack!, and Tumeneco
- A single-player story mode showcasing the characters' personalities
- Local matches for up to two players
- Online rooms rotating up to eight (four players, four spectators) via PlayStation™Network

Touhou Sky Arena Matsuri Climax can be downloaded exclusively from the PlayStation®Store for \$29.99 / €22.99.
